Patient Information

**Glaucoma Clinic- South Liverpool NHS
Treatment Centre**

St. Paul's Eye Unit

PIF 1602 V2

Are you a St Paul's Patient with Glaucoma?

Do you realise you could be seen in
Garston at South Liverpool
NHS Treatment Centre?

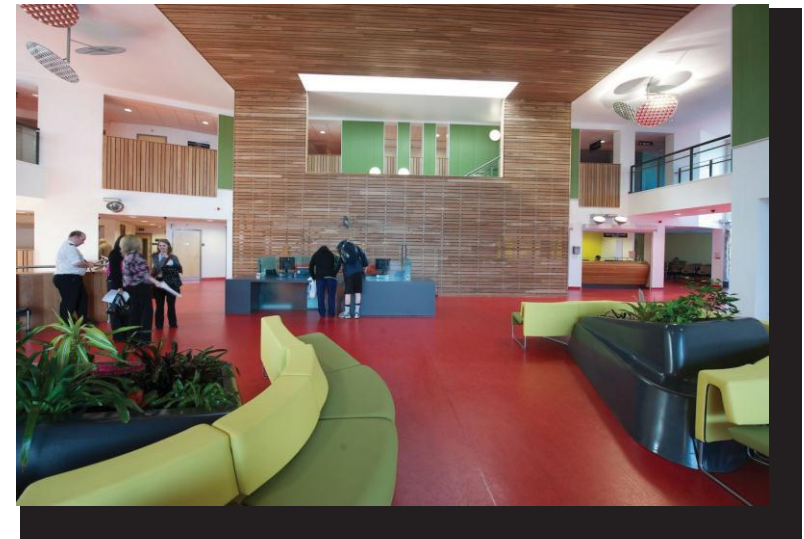

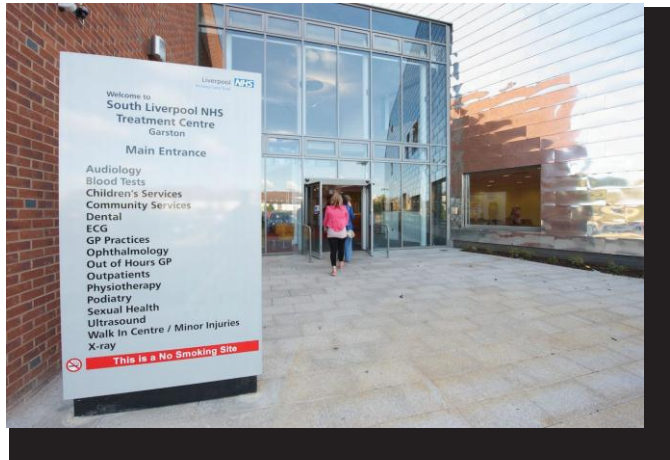

St Paul's Eye Unit is shortly going to be holding Glaucoma Out-patient Clinics in the South Liverpool NHS Treatment Centre in addition to the Royal Liverpool University Hospital NHS Trust.

If you have been diagnosed with Glaucoma and would prefer to attend the South Liverpool NHS Treatment Centre for future appointments then please contact us on 0151 706 3964.

The clinics will be held by specialised teams from St Paul's Eye Unit.

South Liverpool NHS Treatment Centre (previously Sir Alfred Jones Memorial Hospital) is situated at 32 Church Road, Garston, Liverpool L19 2LW.

The centre already hosts a range of community clinics and specialised treatments, including Ear Nose and Throat (ENT), Dermatology, Audiology and Gynaecology.

The centre also accommodates local GP and Dental Practices.

The new centre has been developed by Liverpool Primary Care Trust (PCT). It forms part of a vision for "A New Health Service for Liverpool", which involves investing in local health facilities and making services available closer to people's homes.

Patients can also be referred from their Family Doctor (GP) for Physiotherapy, X Rays, Blood Testing and Ultrasound
